Re: FHANA Drug Testing Policy

To: All FHANA Members

From: Board of Directors

FHANA has adopted the following policy in regards to drug testing for FHANA events. FHANA will follow the direction and guidelines of the United States Equestrian Federation. FHANA will test for all illegal substances that the USEF tests for in regards to *The Therapeutic Substance Provisions GR410*. A list of these drugs and supplements can be found at [www.USEF.org](http://www.USEF.org).

One (1) site per circuit will be randomly chosen to be tested. FHANA will acquire a Veterinarian to randomly sample Champion or Reserve Champions at an undisclosed site. A FHANA representative will be available to supervise the test and randomly draw the horses to be tested. The veterinarian will draw a blood sample from the randomly chosen horses. The sample will then be shipped to the USEF laboratory to be tested.

The results will then be submitted to the Keuring Committee. The committee will then have a hearing for any horses that tested positive. Upon the receipt of the positive tests and the hearing, the guilty party and horse will face the following consequences. The horse will lose all awards that were given to it during that Keuring or event. The member will face suspension of membership for the period of one (1) year and will not be allowed to have any of the members horses participate in the following years Keurings or any FHANA show/event.

By signing this form you are authorizing FHANA and the appointed Veterinarian to draw blood from your horse/s to be sampled by the USEF Laboratories. The sample will only be taken from your horse if they are awarded Champion or Reserve Champion in their respective classes. If you refuse to sign this form you will not be allowed to participate in the Keuring/event. No refunds will be issued.

The results from the blood sample will be available in approximately 4-6 weeks. You will be notified by a Keuring Committee representative of the results of your sample.
